Invitation

*Strategic partnerships -
skills enhancement through innovation
and know-how transfer to strengthen
their own business and the economy
in the EU*

Programm Program Programme

Why did we develop this project?

Problems:

- Shortage of skilled workers
- In many european countries exist a high rate of unemployed and young unemployed people
- Entrepreneurs, especially family businesses, aren't supported enough.

Targets:

- Conclusion of more training contracts
- Make trainings better comparable in Europe
- Upgrading of the work-related apprenticeship as an alternative to studies
- Introduction of the austrian successfully practiced „operating aid“,

**The results will be our demands
to the European Commission.**
